Hi, Beth. I received the revised label, thanks.

Unfortunately I still have not received the tox. review for this action which I was hoping to get in early March. The tox. team was ambitious with their new deadlines and everything is taking longer, especially now with everyone at home. I was told it could be 45-60 days before it's completed. I apologize for the delay. I suggest a new PRIA date of 5/25/20. If you are amenable to this, please send me an email requesting a new date of 5/25/20 for EPA File Symbol 91234-ROU, Decision Number 556243.

Thanks, again, for your patience.

Sarah

Hello, Beth. I am working on the label review for this action. Unfortunately I have yet to receive the tox. review, and I am told it will not be completed until early March. We are not going to make the current PRIA date of 2/25/20. I apologize for the delay. I suggest a 30-day extension to be safe. If you are amenable to this, please send me an email requesting a new date of 3/26/20 for EPA File Symbol 91234-ROU, Decision Number 556243.

Thanks,

Sarah
